

Important. Read before installation.

This is not an engineered drawing. It is intended for representation purposes only. The dimensions called out on this drawing are intended to be used as a guide only, and are not intended to be suitable for all conditions. Information specific to the message center, such as assembly instructions and electrical connections, may be found in the installation manual for that message center.

Nevco recommends that you consult a professional engineer or architect familiar with the area before attempting installation. They can verify that the selected mounting beams or posts along with the brackets, screws, and other hardware items provided by you or Nevco are adequate for your local conditions. If procedures are used that are not covered in this drawing, careful analysis of the installation is urged.

REAR VIEW

3/8" Serrated Flange Bolt

Brackets may be bolted or welded to laterals

DETAIL H

Mounted using steel angle or other structure mounted to wall. See note top left.

Bracket

Full length steel angle

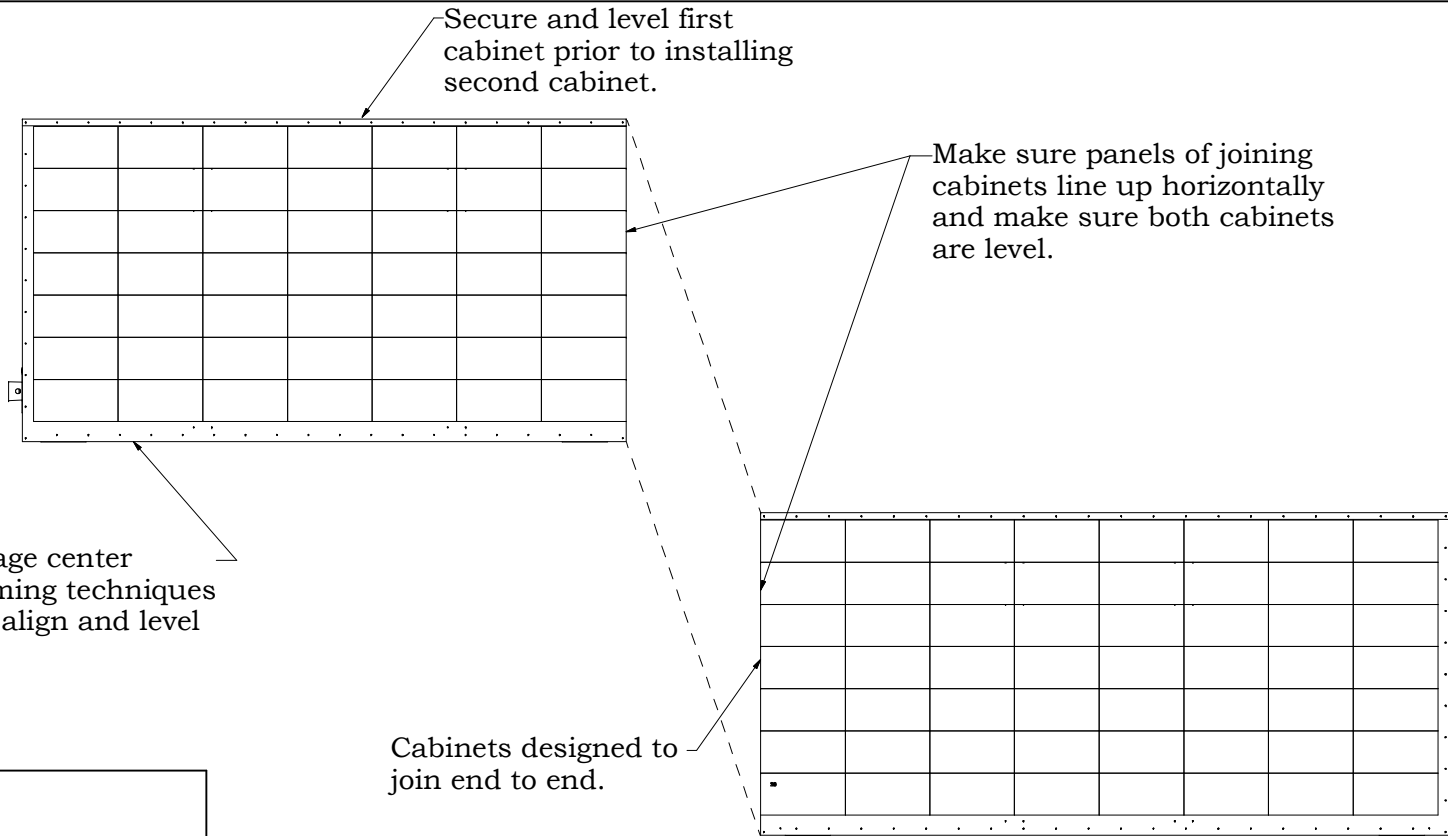

Notes:

1. Refer to sheet 3 for cabinet weights and dimensions.

Two Section Cabinet
Installation

Rev B

If installing message center on laterals, shimming techniques can be utilized to align and level the two cabinets.
